
Sub-specialty Programme Information

Paediatric Hepatology 2026

Programme summary:

The table below contains a list of all the programmes for the above sub-specialty for training programmes starting in August/September 2026, that are being advertised in this round.

SharePoint:

The job descriptions for each post can be found via this [SharePoint link](#). Within the SharePoint site, you will find the following a folder for each sub-specialty recruiting for 2026, within which there will be:

- Regional Folder(s): for each Lead Deanery that is offering posts in that sub-specialty, containing;
- Regional sub-folder(s): for each programme using the Programme Title, containing;
- JD(s): job descriptions for each hospital/centre in the programme, as PDF files (N.B. The file titles contain an internally generated abbreviation code and the name of the location in which that job. You will not need to remember the abbreviation code, when preferencing in the Oriel system).

Using the Programme document:

The following terms are used in the programme list below – they may also be used in the SharePoint site and/or Oriel system, as described:

Lead Deanery = the main region submitting the programme; also the title of the regional folders in SharePoint

Programme Title = corresponds to the regional sub-folder in SharePoint; this will also be the offer code in Oriel

Paediatric training is capability based so the stated duration of posts is indicative. Applicants may therefore progress through sub-specialty programmes at a rate quicker than this indicative time. Please refer to the [applicant guide](#) and [RCPCH curriculum](#) for further information.
