Course aim

To equip paediatric trainees with the knowledge and skills to succeed in the MRCPCH Clinical exam.

Course learning outcomes:

By the end of the course, delegates will:

- Be fully aware of the exam format and what to expect in each station type
- Know what is required to reach the expected standard in each station by understanding how the assessment criteria are applied
- Understand the common pitfalls and how to avoid them
- Be able to reflect on the knowledge and further revision needed to ensure success in the MRCPCH Clinical exam
