# RCPCH Membership

## ASSOCIATE

Join a network of clinicians who take a particular interest in transforming the health of children and young people.

## You can apply to become an RCPCH Associate Member if you hold a primary medical qualification and work mainly in child health.

Associate Membership provides you with the opportunity to be part of a network of health professionals who are dedicated to improving the health outcomes of children and young people.

It may be of particular interest to SAS Doctors, Clinical Fellows, Trust Doctors, and General Practitioners who have not passed MRCPCH clinical and work mainly with children, especially if applying for the Diploma of Child Health.

### Your membership benefits

- The innovative Paediatric Care Online resource
- Focus, the quarterly newsletter and regular email news bulletins
- Access to College publications, including the Child Protection Companion and Paediatrician's Handbook
- Reduced fees for RCPCH Conference and other events
- Listing on the online members' directory
- Representation on Council
- Regional support
- Regular email bulletins to your interests
- Continuing professional development tools and advice (£205 to non-members)
- Option to subscribe to the College journal, Archives of Disease in Childhood, for £100 (cost to non-members £409)
- RCPCH account with personalised dashboard
- Access to the Research Funding Database and research project support
- Option to register for training and access the online assessment

## What are the eligibility criteria?

You must be working as a medical practitioner, with at least 50% of your work related to child health.

Associate Membership may be of particular interest to SAS Doctors, Clinical Fellows, Trust Doctors, Locums and General Practitioners who work mainly with children.

## How much does it cost?

Membership runs from January to December and you have the option of paying for your membership annually or on a monthly basis by direct debit. If start your membership on any date other than 1 January you will pay a pro-rata amount for your first year.
