| 9.00am     | Chair’s opening remarks  
Marie Marshall, Consultant Nurse for Transition, Manchester University NHS Foundation Trust |
| 9.10am     | Building guidance and frameworks to standardise and improve transition care across the NHS  
*Supporting young people with their transition to adult health services: how is this outlined in national guidance?*  
*Explore intended and actual outcomes of the NICE guidance and quality standards so far*  
*Measuring the impact on adolescent patients going through the transition process*  
Angela Horsley, Head of Children, Young People and Transition, NHS Improvement |
| 9.50am     | Rolling out ‘Leeds’ transition across the NHS and implementing a national network for transition  
*Implementing the transition plan in Leeds: developing, delivering and lessons learnt*  
*How will the plan be rolled out across the NHS? Exploring the impact on local trusts*  
*National transition guidance: ensuring a collaborative NHS wide standard for care*  
Louise Porter, Lead Nurse, Healthcare Transition of Children and Young People, Leeds Teaching Hospitals NHS Trust |
| 10.30am    | Networking break                                                                           |
| 10.50am    | Case study: Innovative award winning renal transition clinic: engagement and service design shared  
*Engaging young people through holistic management of transition to adult services*  
*How a service has been designed around the young people’s needs as they mature and develop*  
*Measuring the outcomes against new quality standards: what has and what will continue to change?*  
Tina Chrysochou, Consultant Renal Physician and Honorary Lecturer, Salford Royal NHS Foundation Trust |
| 11.30am    | Developing a trust wide framework to support successful transition  
*Building and implementing a successful transition framework*  
*What are the goals and how will the framework impact young people going through transition?*  
*Navigating the outcomes and lessons learnt from development to implementation of the framework*  
Nigel Mills, Adolescent Clinical Nurse Specialist, Great Ormond Street Hospital for Children NHS Foundation Trust |
| 12.10pm    | Networking lunch                                                                           |
| 1.20pm     | Improving communication in transition for young people through youth workers  
*Exploring how, where and when to engage with young people for transition into adult services*  
*Using techniques: what strategies have worked and been effective in engagement*  
*Measure the impact of youth workers for adolescents in the transition process*  
Matthew Guest, Youth Worker Manager, Leeds Teaching Hospitals NHS Trust |
Ensuring smooth and supported transition

<table>

<tr>
<th>Time</th>
<th>Event</th>
</tr>
</thead>
</table>
| 2.00pm | **Case study: Improving processes to ensure good transition and overcoming common challenges**  
*What makes a good transition? Shared insights from adolescent patients  
*Overcoming the challenges to improve patient experience: preparation, support and ensuring patients are not lost  
*Developing a transition pathway to create a unified pathway: what is the impact of the pathway?  
Jacqui Rogers, Transition Nurse Service Lead, Alder Hey Children’s NHS Foundation Trust |
| 2.40pm | Networking break                                                       |
| 3.00pm | **Case study: How an established transition service has developed and evolved**  
*Collaborating with an MDT to improve support and introductions to adult services  
*From paediatric to adult care: equipping and educating your adolescent patients for the change  
*Measuring and maintaining quality in transition care  
Marie Marshall, Consultant Nurse for Transition, Manchester University NHS Foundation Trust |
| 3.40pm | **Discussion session: Build an action plan for improving transition care in your trust**  
*Share your first-hand experiences for engaging staff and service users to drive forward transition and discuss your challenges with like-minded colleagues. Leave this interactive forum with an action plan to progress a collaborative approach to transition for adolescents moving from paediatric to adult services.  
Marie Marshall, Consultant Nurse for Transition, Manchester University NHS Foundation Trust |
| 4.10pm | Chair’s closing remarks                                               |
| 4.20pm | Close of day                                                          |

**What is it about?**

This interactive NHS conference will focus on how services can bridge the gap between paediatric and adult services for adolescents. Take the opportunity to tackle how to overcome common challenges to ensure smooth and supported transition processes.

**Why should you attend?**

Attend this one day networking conference to benchmark your service, hear national developments and gain case study insights from leading organisations. Discover national and local improvement projects which will benefit you whether you are setting up or establishing a transition service.

**Key learning outcomes**

By focusing on practical guidance to enable tangible change, you will leave this NHS conference ready to:

- Benchmark your transition strategies
- Improve communication with young people
- Optimise support throughout transition processes
- Implement national guidance and standards
- Upskill your organisation to provide good transition care
- Develop trust-wide improvement projects
- Revitalise introductions to adult services
- Tackle your communication and engagement challenges
- Create a supportive transition service
