

Actions when admitting a child with suspected monkeypox

Task	Mark when completed
Allocate cubicle with en suite or commode (negative pressure if available, otherwise neutral)	
Inform IPC team - plan waste disposal	
Put up signage about No entry and need for appropriate PPE	
Ensure supply of PPE available	
Start a log of entry/exit to the room	
Inform paediatric consultant	
Discuss with HCID paediatric infectious disease team (one of Evelina / St Marys / Newcastle / Alder Hey)
