Epilepsy12 2024 Acknowledgements

The Epilepsy12 Project Board would like to thank the administrators, clinical audit department staff, data analysts, doctors, nurses and others within participating Health Boards and Trusts.

These teams have put time and effort into collecting information for the audit and working to improve paediatric epilepsy services. We would like to give additional thanks to the Epilepsy12 designated clinical leads and EEG service leads in each Health Board or Trust, and the Organisation of Paediatric Epilepsy Networks in the UK (OPEN UK) for their continued support.
