Guide

North East and Yorkshire Region

Delivered –

- Seven half day training events in venues across the North East and Yorkshire Region
- 210 healthcare professionals from paediatric diabetes teams and complications of excess weight (CEW) teams were trained

*‘This session has made me look at our caseload with a different view’*

*‘Greater understanding of subtleties of poverty affecting access and impact on health’*

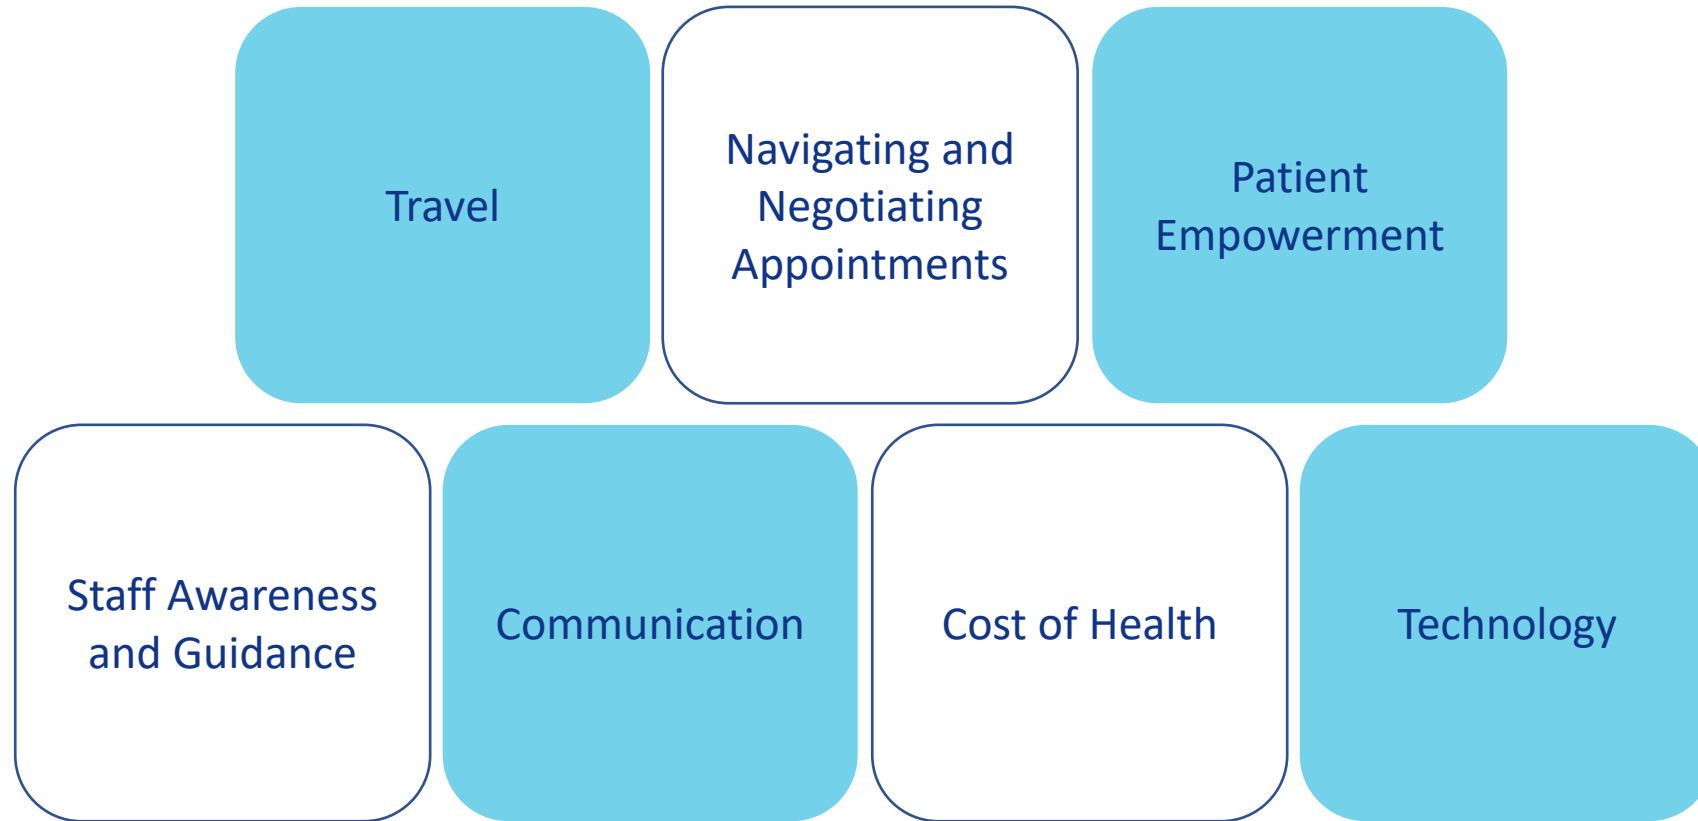

*‘To be aware that poverty is not necessarily visible. Normalise conversations around finance’.*

*‘This session has completely reframed my understanding of what poverty truly looks like’.*

*‘There is more poverty in our cohort of families than I had appreciated’*
