

British Society for the History of Paediatrics and Child Health

Autumn meeting

St Hilda's College, Oxford (including AGM and dinner)

September 11th noon until 16.00 September 12th

(Image courtesy of Tabitha Mary)

Speakers will include members, invited visitors and prize-winning submissions.

The BSHPCH convenes meetings for paediatricians and others to submit and share insights, investigations, innovative interpretations, stories and curations of historical and ethical interest. We would encourage all paediatricians to consider joining and contributing to this academic community. We award prizes, we have a network, our meetings will open new thought and understanding for all of us.
